

**DOUBLE-TRACKING C. S.
NEAR KING'S MOUNTAIN**

**Surveyors Endeavoring To Find
Feasible Route Around Mountain
To Avoid Another Tunnel**

A corp of surveyors and engineers has been at work around King's Mountain for the past week or so surveying the valleys and passes with a view to ascertaining if it is possible for the Cincinnati Southern railroad to get over the mountain barrier at this point without the necessity of going through the mile-long tunnel. This work is preliminary Dr. Thompson, of that city, says, to the double tracking of that railroad through Lincoln county, the accommodations of the tunnel being sufficient for but a single track.

Dr. Thompson, who was in Stanford last week, was telling of the activity being displayed by the railroad in its double-tracking operations.

cording to the terms of the long lease by which the Southern Railroad is operating the Cincinnati, New Orleans and Texas Pacific Railway from Cincinnati to Chattanooga, it is to return the road to the city of Cincinnati, its owner, at the end of the lease, with the entire system double-tracked the terms of the lease demanding that

chief engineers of the road has expressed the belief that it will be cheaper in the long run for another tunnel to be dug alongside the King's Mountain tunnel, than to endeavor to build through any of the valleys or passes which intersect the mountain in that section of the county. Surveys have been made several times in the

Work of double tracking on the Cincinnati Southern is now in progress from Fishing Creek in the lower section of Lincoln, to Science Hill, in Pulaski county. A large portion of

the roadway south from Cincinnati has been doubled-tracked, and much double-tracking has also been done in Tennessee. It will be but a very few years now until the entire length of this magnificent railway system will be double-tracked from Cincinnati to

be double-tracked from beginning to end. The Queen & Crescent is one of the greatest railway systems in America and spares no pains to secure the safety, comfort and convenience of its patrons.

Getting Fair Catalogue Ready.
At a meeting Saturday afternoon

of the directors of the K. of P. Fair, to be held at Stanford Aug. 18, 19 and 20, the catalogue committee reported that good headway was being made and that in a few weeks the copy would be turned over to the printer. It is intended that the premium list shall go out at least two months in advance of the exhibition.

this year in order that those contemplating showing stock or floral hall exhibits will have abundant time to prepare them for the scrutiny of the spectators and judges. A number of applications have been made for the various privileges that will be sold

but none have as yet been disposed of. A dozen bands have written that they want to make music for the occasion, and the committee on music, Messrs. J. N. Menefee, Jr., George L. Penny and T. A. Rice will have a large list to select from when the time for a decision arrives.

Rev. K. R. Noel, of Stanford, spent a most enjoyable day with his daughters, the Misses Noel at Danville Sunday. It was his 73rd birthday and they entertained a number of friends and relatives at dinner in his honor, and made the occasion a memorable one for him. He will spend the remainder of the week there, as their

guests. This grand old man, who has spent his life in work for the Master's cause, is being generally congratulated upon his birthday celebration, and hopes are expressed that he will live to see many more of them. Mr. Noel recalls that he is one day older than the county of Boyle, as it was formally constituted a county on the day after he was born.

daily in connection with the big meeting there on April 26 to celebrate the 96th anniversary of the founding of the order. On that occasion R. T. Daniels, Grand Sire of the supreme lodge of the Odd Fellows, will visit Lexington as the guest of Merrick's lodge and will be entertained at the Odd Fellows' Home and will also deliver addresses to the public and to the assembled Odd Fellows there. Mr. Elliott estimates that there will be about 1000 Odd Fellows in Lexington.

Emmett estimates that there will be between 800 and one thousand Odd Fellows in Lexington at that time, and more than one hundred candidates will be initiated with the members of the famous Merrick Lodge degree team officiating.

POLITICAL ANNOUNCEMENTS

The Interior Journal is authorized to announce the following candidates for office, subject to the Democratic primary, August 7th, 1915.

For Circuit Judge.
C. A. HARDIN, of Mercer county.
CHAS. C. FOX, of Boyle county.
For Commonwealth's Attorney.
E. V. PURYEAR, of Boyle county.
R. W. KEENON, of Mercer county.
J. S. OWSELEY, Jr., of Lincoln county.
For Railroad Commissioners.
WM. F. KLAIR, of Fayette county.
J. E. NEWMAN, of Nelson county.
For Circuit Clerk.
JESSE D. WEAREN.
MARSHALL C. NEWLAND
For Representative in Legislature.
W. G. GOOCH.

The statement of his position on the several questions now before the people by Col. W. P. Walton, of The Lexingtonian, was frank and manly, if not a good political stroke, as many think. He states that he wants no votes under false promises. He is against "state-wide," because he does not believe it feasible, and is also against rotation in office as practiced by the politicians at Frankfort and elsewhere. Col. Walton is a candidate for the democratic nomination for Secretary of State, and while he is exceedingly anxious for the great honor, he wants no one to vote for him under the belief that he is a "state-wider." In fact, he wants the people to know "where he is at" on all questions, and he has practiced all of his life.

The "unloaded" gun got in its work again the other day. Charles Hill, of Columbia, found a shot gun that his brother had recently brought from a hunting trip and thinking it empty, pointed it at his four-year-old sister and pulled the trigger. The entire load of shot entered the child's body, causing instant death. Now the brother is crazed with grief and the family broken-hearted. It seems that the practical joker will never cease to get in his awful work. Probably it would be a good idea to fix some punishment for him when he goes so far as to cause loss of life or property, and especially should the fellow who pranks with a gun, and thus endangers human life, be subjected to some trial or punishment to make him desist.

John D. Rockefeller is not the only member of his family who knows how to make the buckle and tongue more than meet. Mrs. Rockefeller, whose death was recorded a few weeks ago, left an estate valued at more than two and a half million dollars, two million of which she left to charity. The money goes mostly to Baptist churches and Baptist institutions. Many of the servants of the Rockefeller home are beneficiaries of her will, one old cook who worked for the family for a quarter of a century getting \$5,000.

Announcement was made in Louisville papers Sunday that Owsley Stanley, one of the liquor candidates for governor of Kentucky, has selected Judge S. W. Hager, of Owensboro, as his campaign manager. Judge Hager was the democratic candidate for governor in the disastrous race in 1907 against Hummy Willson. If he doesn't put any more ginger and pep into Stanley's campaign than he did in his own then, Stanley is beaten a million right now.

A Springfield, Mo., woman has published a card stating that she will not be responsible for her husband's debts and in it takes a crack at him by calling him names and telling tales. For instance, she says he is a loafer, a drunkard, a liar and a Bull Moose. Wonder if she saved for the last the opprobrium she thought the worst of

The Supreme Court of the U. S. has decided that Leo Frank was given a fair trial and now the only thing left for the convicted murderer of Mary Phagan is to work on the sympathy of Gov. Slaton, of his State of Georgia.

Hits The Nail On The Head.

The Shelby Record refers to the four or five "inconsequential" newspapers in Kentucky that are advocating State-wide prohibition. We suppose the Record's idea is that no paper that does not espouse the cause of the open saloon and liquor interests, as it does, can be of any consequence in Kentucky. The Record has fought for the liquor interests so long that it has become like the Courier Journal—thinks that those who oppose the saloons and favor local option and temperance are cranks, fools and fanatics. By the way the Record does not seem to have been of much consequence in the local option fight in that county last fall.—Midway Clipper.

What Bryan Says of State-Wide.

Speaking of the injection of the State-wide question into the democratic party's policies, William Jennings Bryan is quoted in the Courier Journal as follows: Prohibition is not an issue in the States, but wherever it is an issue, I hope to see the Democratic party take the prohibition side. It cannot ally itself with the liquor interests without losing its moral standing, and the moral standing of a party is the thing that gives it permanent strength. A surrender to vice or immorality seldom gives even a temporary advantage could be secured by such a course, it would be at the expense of the permanent welfare of the party. It is not only right for a party to take the moral side of a question but it pays to do so.

In Memory.

In loving memory of Maudie E. Gooch, who died March 20, 1915: A precious one from us has gone, A voice we loved is stilled; A place is vacant in our home Which never can be filled; God in His wisdom has recalled And though the body may slumber still, The soul is safe in Heaven.

She was a bright and happy And was a joy to her, Her name is spoken; Our eyes grow dim;

Earth has lost its look of gladness, Heaven seems to us more bright, Since the spirit of our loved one Took her happy homeward flight, And we long to cross that river, Long to rest upon that shore, There to see, and know and love her With the Savior ever more.

It is so sad that one we cherish Should be taken from our home, But the joys that do not perish, Live in memory alone; All the years we've spent together, All the happy golden days, Shall be cherished in remembrance, Fragrant sweet from memory flowers.

Not now but in the coming years; It may be in the better land, We read the meaning of our tears, And there sometime will understand. —Nellie Gooch.

Wanted Baby By Mail.

Postmaster Shuff of Cincinnati, received a letter from a woman in Bell-jello, Ky., requesting him to send her a baby by mail. She stated she would meet the train. Postmaster Shuff referred her to the Home for the Friendless, with the suggestion that she take the matter up with the official there.

Who Can Doubt Sworn Testimony of Honest Citizens?

Some time ago I began the use of your Swamp-Root with the most remarkable results. For years I was almost a wreck and was a great sufferer. I was so bad at times I would faint away and had sinking spells. Finally a new doctor was called in and he said that I had kidney trouble and gave me medicine, of which I took several bottles. I obtained some relief from this but I was getting weaker all the time. I could not sleep and suffered so much pain that my husband and children had to lift me in and out of bed. After this time two friends sent me word to try Swamp-Root, which I did, and I am glad to state that the first dose gave me great relief. After taking the third dose I was helped into bed and slept all night.

I took several bottles of Swamp-Root and I feel that I owe my life to this wonderful remedy. The two family doctors said that I could not live three months. I would have to be helped in and out of the bed ten to twenty times every night. After taking Dr. Kilmer's Swamp-Root for two days I was entirely free from getting up and could sleep soundly.

MRS. D. E. HILMAN, Tunnelton, W. V. Personally appeared before me, this 11th of September, 1909, Mrs. D. E. Hilman, who subscribed the above statement and made oath that the same is true in substance and in fact. JOSEPH MILLER, Notary Public.

Did you ever stop to think about the fact that you are on your feet in your shoes about two thirds of the day and night? Do you know that more people suffer with their feet than any other part of the body? Well, it is true—because of top short, too narrow, ill-shaped shoes. If you will come to our shop and let us fit you with a Nettleton, Walk-over or a Dr. Reed's cushioned in-sole, made especially for tender feet we will cure most of your feet troubles. We can fit you in the broad toe, light weight, cushioned sole, easy wearing vici or the narrow toe low heel, blind eyelet English style, or the medium toe dressy straight last, with kid or cloth tops. Bring your feet to us and we will fit them—any size—any last—and always the new things. : : : : :

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed you have a running or itching ear, and when it is entirely closed deafness is the result, and the inflammation can be taken out and the tube restored to its normal condition, hearing will be restored forever; also cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. Sick Women Attention

Is it possible there is a woman in this country who con-
tinues to suffer without giving Lydia E. Pinkham's Vege-
table Compound a trial after all the evidence that is con-
tinually being published, which proves beyond contradic-
tion that this grand old medicine has relieved more suffer-
ing among women than any other medicine in the world?
We have published in the newspapers of the United States
more genuine testimonial letters than have ever been pub-
lished in the interest of any other medicine for women—
and every year we publish many new testimonials, all gen-
uine and true. Here are three never before published:

From Mrs. S. T. Richmond, Providence, R. I.
PROVIDENCE, R. I.—"For the benefit of women who suffer as I have
done I wish to state what Lydia E. Pinkham's Vegetable Compound
has done for me. I did some heavy lifting and the doctor said it
caused a displacement. I have always been weak and I overworked
after my baby was born and inflammation set in, then nervous pros-
tration, from which I did not recover until I had taken Lydia E. Pink-
ham's Vegetable Compound. The Compound is my best friend and
when I hear of a woman with troubles like mine I try to induce her
to take your medicine."—Mrs. S. T. RICHMOND, 84 Progress Avenue,
Providence, R. I.

From Mrs. Maria Irwin, Peru, N.Y.
PERU, N.Y.—"Before I took Lydia E. Pinkham's Vegetable Com-
pound I was very irregular and had much pain. I had lost three
children, and felt worn out all the time. This splendid medicine
helped me as nothing else had done, and I am thankful every day
that I took it."—Mrs. MARIA IRWIN, R.F.D. 1, Peru, N.Y.

From Mrs. Jane D. Duncan, W. Quincy, Mass.
SOUTH QUINCY, MASS.—"The doctor said that I had organic trouble
and he doctored me for a long time and I did not get any relief. I
saw Lydia E. Pinkham's Vegetable Compound advertised and I tried it
and found relief before I had finished the first bottle. I continued taking it all
through middle life and am now a strong, healthy woman and earn my own living."—Mrs. JANE D.

CARTHAGE WOMAN TELLS HAPPY STORY

Mrs. Laura Duke of Carthage, Tenn.,
was a victim of stomach disorders for
several years. She lost appetite and
her weight fell off. She could not rest
at night.

She took Mayr's Wonderful Remedy
—just a few doses—and found herself
restored.

In fact, Mrs. Duke's recovery was
so rapid she was afraid that it could
be only temporary. So she waited
from September, when she took the
remedy, until the following February
to pass judgment. Then she wrote:

"I write you in regard to your won-
derful stomach remedy that I took
last September. I feel better than I
have in five years.
"My weight was 127½ pounds; now
it is 147½, and I can eat anything I
want. I sleep well at night. I would
have written before, but I wanted to
see how I got along."

Mayr's Wonderful Remedy gives per-
manent results for stomach, liver and
whatever you like. Eat as much and
whatever you like. No more distress
after eating, pressure of gas in the
stomach and around the heart. Get one
bottle of your druggist now and try it
on an absolute guarantee—if not satis-
factory money will be returned.

A Delightful Affair.

On Saturday afternoon, Mrs. H. J.
McRoberts entertained most delight-
fully at Rook in honor of Mrs. Alice
Pickett, of Shelbyville, mother of
Mrs. Wm. Severance. The house was
beautifully decorated for the occa-
sion with yellow jonquils and ferns.
Miss Joan Mount, of Lancaster, was
Mrs. McRoberts' house guest for the
occasion. Very delightful refresh-
ments were served during the eve-
ning. The following guests were
present: Mrs. E. J. Brown, Mrs. W.
A. Tribble, Mrs. Wm. Severance, Mrs.
C. H. Severance, Mrs. C. E. Tate,
Mrs. W. C. Shanks, Mrs. Kirby
Bourne, of New Castle, Mrs. J. H.
Baughman, Mrs. J. S. Baughman,
Mrs. S. M. Sauley, Mrs. Hugh Reid,
Mrs. John Foster, Mrs. Hays Foster,
Mrs. C. G. Perry, Mrs. R. M. New-
land, Mrs. J. C. Hays, Mrs. G. B.
Cooper, Mrs. J. S. Owsley, Mrs. Be-
verly Rout, Mrs. J. B. Paxton, Misses

Higgins.

LANCASTER.

Mrs. C. C. Fox, of Danville, is the
guest of Rev. and Mrs. J. Rockwell
Smith.

Miss A. B. Estridge of the Paint
Lick section, of the county met with
quite a painful accident when she fell
from her weight upon her right arm
spraining it very severely about the
elbow.

Miss Sallie Elkin entertained at her
pretty country home "The Maples"
at a family dinner the honor guest
being her cousin, Mrs. James Dunn, of
Danville.

Mesdames Sallie McCormack and
W. O. Goodloe will leave shortly for
a recuperative stay in Hendersonville,
N. C.

Miss Katherine Harris, of Stanford,
is visiting her grandparents, Judge E.
W. Harris and wife.

Mrs. James B. Kinnaird, Misses
Amanda and Kate Kinnaird, motored
to Wilmore Saturday for the
District W. C. T. U. Convention.

Mr. R. G. Ward, of Cincinnati, was
a visitor in Lancaster on last Friday.

A pie supper was given at the Leav-
ell church last Thursday night. The
proceeds were used to re-
pair the church.

Mrs. F. B. Marksbury and Miss
Elsie Morrow spent a few days last
week shopping in the Falls City.

Mrs. Annie Herndon is in Louis-
ville for a visit to her brother, Leslie
Herndon and wife.

Miss Frances Fleetwood, who has
been the guest of her sister, Mrs.
Theodore Currey has gone to Tulsa,
Okla., for a visit to her brother.

A Sunday School rally was held
Friday night and Saturday at Mc-
Kendree church at Hubble. A number
of interesting addresses were made
and a most bounteous dinner served
to the visitors on Saturday.

The Woman's Club met Thursday
afternoon at their apartments in the
Lancaster High School building. Miss
Alberta Anderson was the leader. The
subject for discussion was "The
American School." Mrs. R. L. Elkin,
Miss Martha Kavanaugh and others
assisted at the meeting, it closing with
a discussion on art.

Mrs. J. W. Elmore has been in
Richmond for a visit to her daughter,
Mrs. Robert Dunlap Blanton.

Rev. S. H. Pollitt left Monday for
Kingswood College, where he preaches
twice a day during commencement.

Misses Nancy Walker and Patsy
Kinnaird were in Lexington for a
meeting of the Chi Omega Fraternity
banquet held at the Phoenix Hotel.

Miss Nancy Robb, who has returned
to her home in Nicholasville, was the
guest of honor here at a number
of social functions. Miss Bettie Wal-
ker Burnside complimented her by a
handsome dinner party. Miss Kath-
leen Walter entertained at "A Chaf-
ing Dish Party," and Mrs. J. M. Far-
mer, a matinee party at the Rex The-
ater for the popular visitor.

The Chautauqua Circle met with
Miss Azell at the home of Mrs. Alex
Walker. The book begun by the stu-
dents is "Your Child Today and To-
morrow," by Mrs. Greenberg, their
lesson being "The Problem of Pun-
ishment."

New Millinery Parlor in Danville.

Having met with such encourage-
ment we have decided to establish a
millinery parlor. Until permanently
located will be with Miss Mary Mc-
Roberts, on Third street. Will have
the latest ideas for your inspection.
Will appreciate your patronage, and
every effort will be put forth to please
the trade.

Heard About Town

The I. J. still has a large quantity
of garden seed sent it by Senator
James. Come in and get a package.

George W. Willis, the clever, effi-
cient and amiable private secretary
of Hon. Harvey Helm, arrived from
Shelbyville Saturday to do some cler-
ical work for our Congressman.

John Rowland has arrived from
McKinney to assist in the manage-
ment of the Veranda Hotel, recently
rented by John Lay and wife.

R. H. Crow, of the Shelby City sec-
tion, has been confined to his home
for some time with illness, but is
able to be out again, his many friends
are glad to know.

Miss Kate Davis Raney, who was
appointed by the trustees to take the
school census of this High School dis-
trict, has begun her work. Her father,
T. D. Raney is assisting her.

Jamie Thompson will leave Sunday
for Frankfort to join the Frankfort
Base Ball Club of the Ohio League.
He is only going for a tryout and it
is hoped that he makes good.—Mt.
Vernon Signal.

J. D. Eads of Shelby county, was
in Danville Monday, county court
day, mixing with many friends.
He says that prospects for crops in
Shelby are fine.

Messrs. W. I. McCarty and George
D. Florence will go to Danville to-
night and have the Royal Arch degree
conferred on them. Quite a number
of Masons will go from here to wit-
ness the work.

Judge E. C. Hopper, of Hustonsville
who will be one of the stewards on
the Kentucky tracks this year, is in
Cincinnati on private business. The
Judge is in excellent health, and will
attend the opening at Lexington on
Thursday.—Cincinnati Enquirer.

J. S. Hilton, secretary of the Chris-
tian Orphan's Home in Louisville,
came up today for little Flora Mason,
daughter of Eva Mason, who works
for Mrs. James McBea. The child's
father has deserted her mother and
the latter is not able to care for her
as she should be.

Dr. J. G. Bosshart, pastor of the
Reformed Church at Ottenheim, re-
turned this morning from Nashville,
where he attended a convention of
his church. He preached the com-
munion sermon Sunday morning in
the First Reformed Church of this
city.

In renewing his subscription to the
I. J. for the "Standard" at Danville
Monday, Col. T. A. Bradley, the well
known insurance and real estate man
of that city declared "I get more
news out of the Interior Journal than
any other country paper that I see
and I read a lot of them. We could
not do without it at my house."

Raymond Cash, son of J. F. Cash,
of Casey county, has re-enlisted in
the U. S. Navy from which he was re-
cently discharged, with honor, his
term of enlistment having expired.
Mr. Cash re-enlisted the service as a
yeoman, his experience and service
having entitled him to a deserved pro-
motion.

John C. Ross, of the popular
jailer of Garrard county, who was in
Danville Monday, mixing with the big
crowd, had a severe attack of vertigo
on the streets about noon and start-
led his friends by falling over to
the ground in a fainting condition.
Editor Louis Landrum, of the Mes-
senger, went to his assistance and had
him carried to the county jail, where
Jailer Timoney and others did every-
thing to make him comfortable. A
physician was summoned, and Mr.
Ross soon was able to be out again.
He has been in bad health for some
time and has been subject to these at-
tacks.

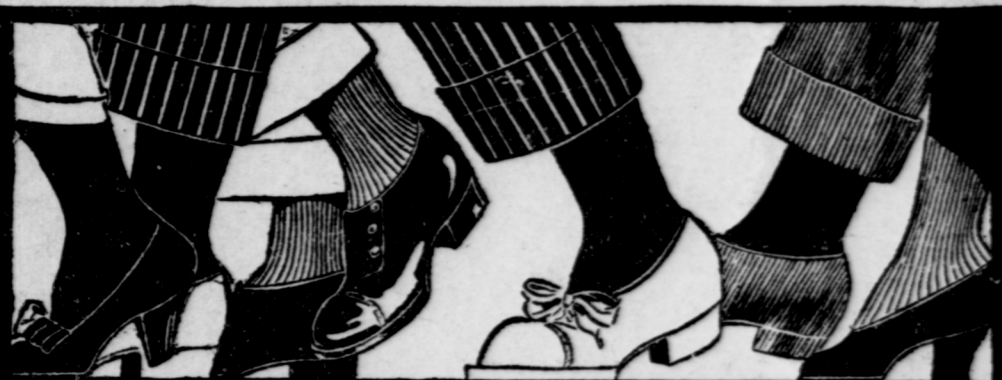

The following is taken from a La-
Follette, Tenn., paper and the honor
paid Miss Hommell, who is well
known here where she taught in the
graded school, will be appreciated
by her many friends: "At the close
of the East Tennessee teachers' as-
sociation which was held in Knoxville
last week Miss Martha Hommell was
elected a member of the executive com-
mittee for a one year term. This
honor came in a surprising condition.
Miss Hommell is a deservedly popular
teacher in the city high school, and is a
brilliant scholar. The association made
a wise selection and we congratulate
Miss Hommell that out of 500 teach-
ers, she was marked for this honor."

2 Seconds, 2 Drops - Corns Vanish!

For everybody with corns, there is in every drug store in the land one of the real wonders of the world, and that's "GETS-IT!" for corns! It's the first and only corn-cure ever known that removes

"Some Foxy Trot, Manicure, What? Corns? Yes, I Used 'GETS-IT!'."

any and every corn or callus without fail, without fussing with thick bandages, toe-harshes, corn-swelling salves, irritating ointments. It's applied in 2 seconds—tine, drop—the work is done, the corn shrivels up, your corn agony ends and the corn leaves forever! All the limping, the pains that dart to your heart's core, the excruciation of having to wear shoes over screaming corns, the danger of blood poison from making them bleed by using knives, razors and scissors—are gone at last! "GETS-IT!" is the new way, the sure, simple, painless way. Try it for corns, calluses, warts and bunions. "GETS-IT!" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Farm and Stock News

Andy Gooch sold to W. G. Gooch Saturday 32 head of 135-pound hogs at \$7 a hundred.

Les Sloan, of Hubble, delivered to T. W. Jones, of Stanford, eight hogs that averaged 150 pounds, at six and a half cents a pound.

Adam Pence sold to George F. Crawford, a couple of hundred-pound shoats at seven cents a pound, last week.

W. R. Willis & Son bought of A. Von Gruenigian a lot of beef cattle at 5c and of R. T. Bruce a small bunch of lambs at 7c.

J. B. Honaker, of the West End, sold to Isaac Shelby at Danville yesterday 20 odd 140-pound hogs for May 30th delivery at 7c.

C. L. Snow sold to J. K. Baughman a jack only a few weeks old for \$225 and two seasons to the latter's jacks. The young thing is said to be a very fine promise.

J. H. Wright, east of Stanford, bought a Jersey cow from W. O. Walker for which he paid \$45. He also got one of the same kind from Mrs. Charles Lunsford that cost him \$40.

Myers & Allen bought and shipped three cars of hogs to Cincinnati last week. Two of them went Thursday and one Saturday. All were bought in the Hustonville section. They cost them five and a half cents to \$6.60 a hundred pounds.

Roby L. Johnson, the Science Hill real estate dealer, who was here last week on business, reports that he has just sold the farm of George Fletcher at Dabney, Pulaski county, consisting of 63 1-2 acres to Lee Loveless, of Science Hill, for \$1,600. Mr. Johnson is strictly a live wire and is always on the hustle.

J. T. Rigby, of near Preachersville continues to buy up choice hogs wherever he can find them. He bought from Tom Baker a bunch of eight, averaging 150 pounds at six and three-quarter cents a pound; from Lige Wilson he got seven, averaging 110 pounds at the same figure; from Charles Kerr he bought five heavy ones, averaging 200 pounds at \$6.60 a hundred; from A. G. Davis, five averaging 140 pounds at \$6.65.

On Saturday Lanta Brothers sold Monte Fox 135 head of 136 1/2-pound cattle at \$7.62 1-2 per one hundred, the aggregate being \$10,733.71, says the Harrodsburg Herald. The cattle were shipped to New York. Lanta Brothers fed these cattle according to demonstration methods, a balanced ration of silage, crushed corn, cottonseed meal and wheat straw. They made a gain of 316 pounds in 133 days. Out of the 103 cattle put in the barn not one was rejected. Rich and Gentry, of Boyle county, and several other cattle judges, said they were the finest lot they had ever seen. The cattle were fed the entire 133 days inside of the barn, and there is about three feet of fine manure all over the 6,000 square feet of the floor space. On account of a demoralized market caused by the quarantine Bon-to Brothers got about \$2,000 less than the cattle would have brought last year. Before they were shipped Geoffrey Morgan, the district agent, and Mr. Collins Gentry, county agent, had a lot of photographs taken to be made into slides which will be used in lecturing on cattle with silage.

Blackleg Appears in Nelson.
An outbreak of blackleg has appeared in Nelson county, according to report to the State Agricultural Department at Frankfort. Immediate steps have been taken to suppress the disease, which is generally fatal to calves two years old and under. Vaccine was sent in sufficient quantities to stop its spread and all the infected calves will be killed and their carcasses burned. There has not been a case of foot-and-mouth disease reported in this State in three weeks. The counties closed to cattle for shipment except for slaughter are Jefferson, Oldham and Bullitt. infected farms in these counties, as well as the counties in the exposed districts, have been restocked and there is no indication of the disease. The final inspection of the farms, barns and stock yards in the exposed and closed areas will become exposed area and the quarantine will gradually become less rigid until it is lifted entirely. There have been a total of 3,306 head of live stock killed in this state as a result of this disease. It is classified as follows: 2,168 cattle, 921 hogs, 216 sheep and 1 goat. The appraised value of the live stock is \$131,687.23, of which the Federal Government will pay 50 per cent, and the next Legislature will be asked to appropriate money to pay the other half of the appraised value of the stock killed.

What A Cow Can Do.

Auchenbrain Brown Kate IV, an Ayrshire cow, in a year gave 23,022 pounds of milk, testing 3.99 per cent. fat. She was well fed. In the year she consumed 704 pounds of bran, 762 pounds of hominy, 1,074 pounds of ground oats, 548 pounds of gluten feed, 134 pounds of peanut meal, 908 pounds of oat meal, 8,000 pounds of silage, 1,000 pounds of beets and 2,880 pounds of alfalfa hay, the total amount costing \$184.62. Her milk was sold at five cents per quart, and the income above the cost of feed was \$541. She received as much feed as some men would give to a dairy herd. She had the ability to use it well. Four such cows on a little farm would make their owner a nice income.—Breeder's Gazette.

Eight Hundred and Fifty Nominations

Eight hundred and fifty were nominated in the \$21,000 Kentucky Futurity for foals of 1915, entries to which closed at Lexington April 1, according to an announcement by the Kentucky Trotting Horse Breeders' Association. Walnut Hall Farm, of the late L. V. Harkness, there, heads the list with eighty-two mares nominated. The Patchen Wilkes stock farm, of Kentucky comes second, with eighty, and the Allen farm, of Pittsfield, Mass., is third, with thirty. The Hudson River Stock Farm, of Poughkeepsie, N. Y., is fourth, with twenty-three, while C. K. G. Billings' "Curles Neck" farm, in Virginia, is fifth, with twenty. Entries were received from thirty States, the District of Columbia and Canada. Kentucky heads the list with 319. New York is second with 118, Massachusetts third with sixty-eight, Pennsylvania fourth with fifty-six and Ohio fifth with fifty nominations.

Coleman—Middleton.

The first marriage license issued by County Clerk Cooper since April 1st was drawn up by him yesterday for Louis Middleton to wed Miss Margaret Coleman. The groom is a Boyle county young man, while his bride resides in Lincoln on the Ottenheim pike. Judge Bailey said the ceremony in the court-house in the presence of quite a gathering.

Troy Duvall Dead.

Troy Duvall died near Preachersville and was buried Sunday. The unfortunate man had been a victim of the "dope" habit and it is claimed by some that his supply of the drug was cut off suddenly and the man collapsed. Others say pneumonia brought about the end.

General News.

Rankin Clemmons, the "barefoot millionaire" of Fayette county, died yesterday, nearly 90 years old. His wealth is largely in land. He was one of Kentucky's unusual characters.

A jury was selected at Syracuse, N. Y., yesterday to try the damage action of William Barnes against Theodore Roosevelt for alleged libel and the taking of evidence will begin today.

No wonder women incline to political and high positions, when public journals call women "men." Miss Foxie was elected chair-man of the "club" Mrs. Solomon was chair-man of the Convention. When Stanford outgrows her knee pants she will open a street connecting Danville and Lancaster streets. "Cracker's Neck."

A. P. and J. W. Brackett were at Shelby City this morning to see their brother, Elijah Brackett, who is very ill of pneumonia.

SEED CORN FOR SALE

Reid's Early Yellow Dent.
Matures early, ready to feed in August, good for table use and yield well. W. M. Horton, vice president of the National Farmers Club of Kentucky, produced on one acre 131 1-3 bushels which was entered in the Corn Contest of 1913 and made the largest record for Kentucky in yield.

Long's Champion Yellow Dent.
This variety was bred and selected by I. S. Long, of Pennsylvania and has yielded for several years an average of 133 bushels per acre more corn than is usually produced by the average old type corn generally used. I grew a crop of it last year and find it extra good in both quality and yield; large uniform ears and abundant fodder and makes fine corn for filling silos. Matures in 100 days.

White Corn For Sale.
Called Hickory King. Highly recommended from all sections for both quantity of yield and quality. A large uniform pure white ear with deep grain and small cob and matures early and unusually sound. We were much pleased with the crop grown last year. This corn can be seen at my farm and is offered for sale at farmers' prices. F. REID, Stanford, Ky. 32-27s

Want Help For Tobacco Organization.
Frank M. McKee, president of the Tobacco Growers' Association has issued an open letter to the burley

leaf planters of Kentucky, Ohio and Indiana, in which he asks support for the new organization and outlines policies which he will espouse.

Mr. McKee emphasizes the fact that the association has no purpose to antagonize any organization that is making or has made the betterment of conditions besetting the tobacco growers its subject, and expresses

friendship for the Farmers' Union and the Burley Tobacco Society specifically. A significant utterance in this connection is that the new organization has no intention of disturbing the selling business, and that warehouses are a necessity under any system.

Looking forward, he says that the pledge which growers are being asked

to sign insures a solid stand against oppression and this fall, if fair prices are not paid for the crop, the pledge will be the agency of cutting out the 1916 crop. He assails the evils of the present system, under which he says the growers have been "robbed and despoiled."

Mr. McKee warns growers against designing persons who may bear false

witness against the organization. As to salaries, which have been the cause of dissension in some other organizations, he declares that so long as he is at the head of the Tobacco Growers' Association, salaries will remain reasonable. At the present time expenses are being met with money borrowed on the personal notes of the directors, he says.

PUBLIC SALE.
I will sell at public auction at my place on the Stanford and Ottenheim pike, near Pine Grove, on next Saturday, April 24th, a mare mule, 14 hogs, a sow and pigs, a pony, and a large lot of household and kitchen furniture and farming implements. Tell your friends about the sale and come. W. H. James. M. H. Johnson, auctioneer.

Men who have driven other makes of cars for years—Men who have experimented—Men who have been "stung"—now drive Maxwells.

Right in this town—and all over the country—are men and women who have been driving different makes of cars for years, who now drive and swear by their Maxwells.

Each year they used to buy a different make, trying to find a car which would suit them exactly.

When the 1915 Maxwell "Wonder Car"—with its 17 new features and new low price of \$695, was announced—these "motor wise" men began investigating it.

They didn't take our word or any-

body's word for it—they looked into it themselves.

They found the Maxwell to be a handsome, powerful, easy-riding car.

They compared it with cars that sell at double the Maxwell's price. They found that the Maxwell contained every worth-while up-to-date high-priced car feature.

They tested the Maxwell on hills and on the level on really tough roads.

They made it prove its ability to run at low cost over all sorts of roads.

Then they began buying and talking about the Maxwell.

To-day 38,000 enthusiastic people are driving these Maxwells. Of these a great big percentage owned other makes of cars before they bought their Maxwells.

Use your common sense when you buy your automobile. Don't be talked into an extravagant car or a car that hasn't had the "acid test" of time.

Don't let them experiment at your expense.

Read This List of Expensive Features. The 1915 Maxwell Has These Features And Many Others.

Attractive Streamline Body
Pure streamline body; graceful crown fenders, with all rivets concealed. All the grace, style and "snap" that you will find in any of the highest priced cars.

A High-Tension Magneto
Nearly all the high priced cars have high tension magnetos. A high tension magneto gives positive ignition. The Simms magneto, with which the Maxwell is equipped, is recognized as one of the best magnetos made.

Left Side Drive—Central Control
Left side steer with gear shifting levers in center of driving compartment—center control—has been accepted by leading makers of expensive automobiles as the safest and most comfortable for the driver; that is why the Maxwell has it. The Maxwell is so easy to drive and control that a child can handle it.

Three-Speed Sliding Gear Transmission
All high priced cars have a sliding gear transmission. It is costly to make, but it is the best. If the motor has the power, sliding gears will

pull the car out of any mud or sand. The Maxwell has a three-speed selective sliding gear transmission because Maxwell engineers do not consider any other type to be worthy of the Maxwell car.

Double-Shell Radiator with Shock Absorbing Device
The Maxwell radiator is of handsome design, gracefully curved, and it is built to be trouble proof. It is the expensive double shell type and has ample cooling capacity. The radiator is mounted to the frame by means of a shock absorbing device on each side, which relieves the radiator of all twists and distortions of the frame, caused by roughness of the road. The shock absorbing device also minimizes the possibility of radiator leaks.

The Roomy Full 5-Passenger Body
Adjustable Front Seat
The 1915 Maxwell has a full grown 5-passenger body. The front seat is adjustable, you can move it three inches forward or backward, and the car is really comfortable for the driver. No cramped legs for tall people or uncomfortable reaching for short people. Most drivers' seats are made to fit anyone—so fit no one.

Low "Up-keep" Carburetor
The carburetor used on the Maxwell was especially designed for it after long and severe tests under every conceivable condition. Economy tours conducted by hundreds of dealers and owners in different sections of the country have proved its efficiency, its quick response to throttle and its extremely low consumption of gasoline. It has been termed the "low up-keep" carburetor.

Irreversible Steering Gear
The greatest margin of safety has been provided in the steering gear of the 1915 Maxwell. The Maxwell irreversible steering mechanism is of the expensive worm-and-gear type and its superiority over every other type lies in its many adjustments. At no time is more than a fourth of the bearing surface of the gear which operates the worm in use. When needed, a new bearing surface may be had by adjusting the gear a quarter of a turn. In short, the Maxwell steering gear has four times the adjustment of any other kind.

Heavy Car Comfort
What surprises most people is the smooth, buoy-

ant riding qualities of the Maxwell. The spring suspension of the 1915 Maxwell is the same combination of long semi-elliptical front springs and the three-quarter elliptic rear springs that is used on most heavy weight, high priced cars. The Maxwell offers you every essential of the highest priced machines at a fifth of their cost.

One Size of Tire—Anti-Skids on Rear
The Maxwell car is one of the easiest cars in the world on tires. Maxwell owners carry but one spare tire and but one size of spare tubes. Economical 30 inch x 3 1/2 inch tires are used all around. A famous make of anti-skid tires are supplied on rear wheels.

A Dependable Electric Starter
For \$55 extra, you can have your Maxwell delivered equipped with the famous Simms-Huff electric starter. This starter is efficient, trouble proof and easily operated.

And the Maxwell is completely equipped from the clear vision, ventilating windshield at the front to the spare tire carrier at the rear. When you buy a Maxwell you have nothing extra to buy.

The Maxwell Company's Guarantee of Service to Maxwell Owners

No other automobile is backed by a more reliable service than that guaranteed every Maxwell owner. More than 2,000 Maxwell dealers—in every part of this country—are always ready to give expert advice, to make adjustments, and to supply new parts at reasonable prices.

This splendid Maxwell dealer service organization is perfected and completed by the chain of Maxwell owned and Maxwell operated Service Branches. Sixteen great Maxwell Service Stations are so located throughout the country that a Maxwell dealer can supply any part for an owner within a few hours if not in his stock. Maxwell Service is one of the great advantages enjoyed by Maxwell owners.

Order a Maxwell from us now, and when you want it delivered, we will give you your car—not an excuse on delivery day
